

# NONPROFITS HAVE SPECIAL RISKS. THAT'S WHY WE OFFER SPECIALIZED INSURANCE.

## Insure with Nonprofit Experts

Our broker, E&S Insurance Services, writes hundreds of nonprofit insurance policies in the state. They offer a full range of products, track trends, and offer unbelievable administrative support – they take all the work out of your hands.

## Your Best Interest at Heart

When you move to E&S, you move to an insurance firm that has been thoroughly vetted, approved, and monitored by NHCN. We are committed to making sure you don't have too much or too little insurance, all gaps closed, and risks mitigated to the fullest extent.

## Do Two Good Things at Once

Insure with us and you will not only be insured with a top-notch company with more than 30 years of experience, but also a company that cares about the nonprofit sector. E&S donates a portion of its regulated commissions to NHCN, which we use for programs for the sector.

## A Full Range of Products and Many "Extras"

Not only can E&S make sure you have the right insurance – from property and casualty, to health coverage, to directors and officers policies, and everything in between – they also provide a host of back-office administration support for any and all changes, saving you significant dollars.

“ My business, the National Alliance on Mental Illness, NH, has used E&S insurance for the last 10 years. Eleanor is responsive to our insurance needs and works with us to get the best deals from the underwriters. ”

*Michael Cohen, Executive Director, The National Alliance on Mental Illness, NH*

“ Thank you for directing us to E&S Insurance Services. Janice and Eleanor were great to work with during the entire process and they were able to **save the YWCA nearly \$21,000** on our insurance coverage. This savings enabled us to purchase life insurance, as well as short term and long term disability insurance for our full-time employees as an added benefit. ”

*Cathy Gagne, Director of Operations and Administration, YWCA of Manchester*

“ We’ve been using E&S Insurance for at least 10 years now and, with over 200 employees, we’ve never had a complaint. The bottom line is that Eleanor and her team provide personalized, responsive service and I’ve never heard anything but positive feedback. ”
