

## OUR COMMITMENT

Since 2010, Mobile Beacon has dedicated itself to being *the* leading internet service provider exclusively for the education, health, and nonprofit sectors. We equip the nonprofits, schools, libraries, and healthcare organizations we serve with the connectivity they need to provide vital services to millions of Americans every day. Our commitment is to provide you with the most powerful technological resource of our time for an unbeatable value: high-speed, ultra-capacity, uncapped, mobile broadband service at an unbeatable cost through our device donation programs and affordable data plans.

## HOW WE HELP

Mobile Beacon's 4G/5G mobile internet service delivers maximum value to nonprofits with a powerful combination of accessibility and affordability. While commercial service plans from wireless carriers often cap data usage and charge overage fees, we provide unlimited 4G LTE data plans for \$10/month and \$20/month unlimited 5G data plans—a fraction of the monthly fees other for-profit carriers charge. Pair our world-class, unlimited 5G/4G broadband service with your choice of mobile hotspots, routers, and tablets for access when and where you need it. Additionally, we offer device donation programs, grants, and specialty programs to meet any budget or need.

## THE NETWORK

Mobile Beacon's service is on T-Mobile's network, America's largest and fastest 5G network, covering 265 million Americans with high-performance, ultra-capacity 5G

T-Mobile 5G Coverage

Work remotely, virtually anywhere

Multitask with our High-Speed High-Capacity Service

Connect America's Rural and Small Towns

\* Capable device required; coverage not available in some areas. Some uses may require certain plan or feature; see plan for details Get full terms.

## THE RESULT

You can **access more, reach more, help more** in your communities and reinvest the dollars saved in your mission.
