

6-Step Guide for Creating a Custom Save the Date Photo with Canva

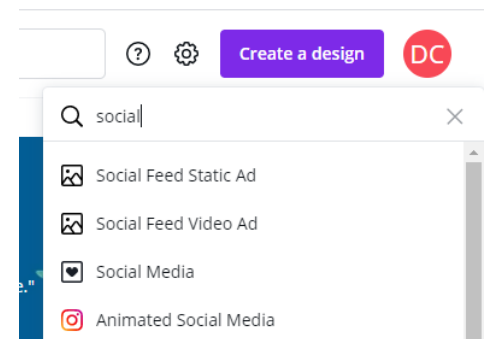

STEP 1

Go to www.canva.com and sign up for a free account.

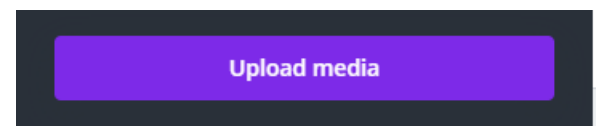

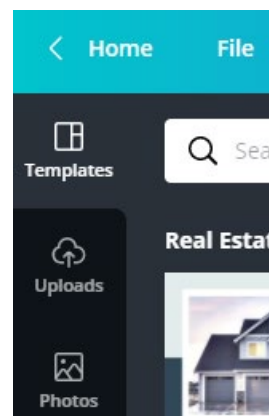

STEP 2

Click on Create a design and select custom dimensions. Enter 1200 as width and 630 as height.

STEP 3

Using the menu bar on the right, navigate to uploads and add your own image using the 'Upload Media' button.

STEP 4

Upload the “save-the-date-shell” image that you downloaded from NH Gives. You’ll want to resize the image so that it covers the entire canvas area.

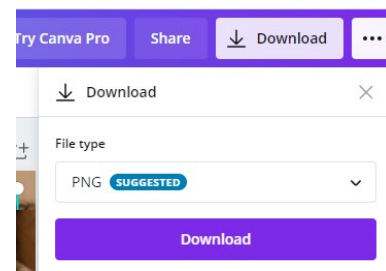

STEP 5

Drag the image that you uploaded in Step 3 to your canvas. You’ll want to resize and/or crop the image so that it covers the entire white area.

STEP 6

To save your image, click on the “Download” link in the header.

And You’re Done!

For more help, you can always start a conversation with the NH Gives support team using the chat bubble found on nhgives.org.
