

6-Step Guide for Creating a Custom NH Gives Branded Photo with Canva

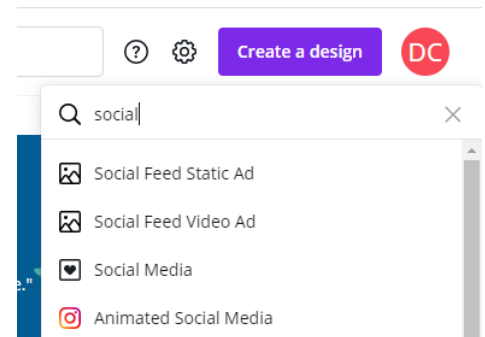

STEP 1

Go to www.canva.com and sign up for a free account.

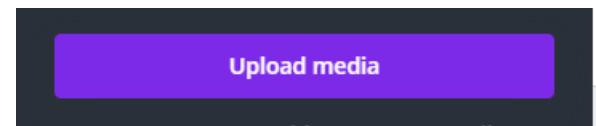

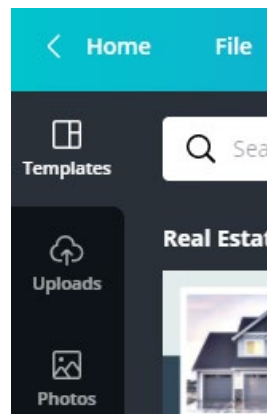

STEP 2

Click on Create a design and type "Social" into the search field. Select Social Media from the list OR visit <https://www.canva.com/sizes/social-media/> to see the best size for the social media channel you'll be using. Use Custom dimension to enter your size.

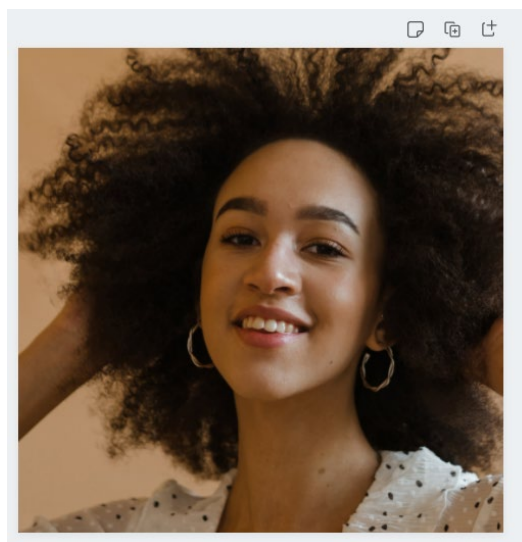

STEP 3

Using the menu bar on the right, navigate to uploads and add your own image using the 'Upload Media' button.

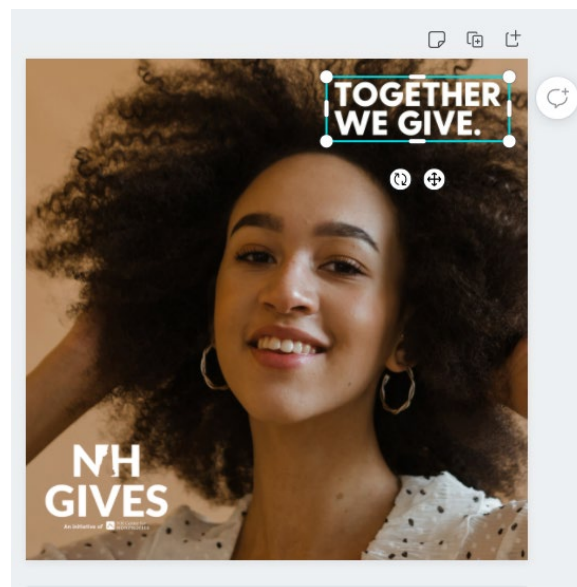

STEP 4

Once your image has finished uploading, drag it to your canvas. You'll want to resize the image so that it covers the entire canvas area.

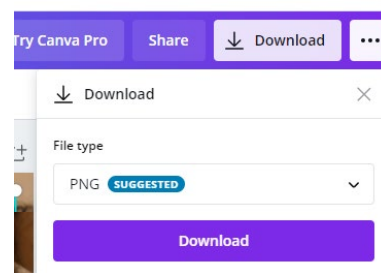

STEP 5

Upload the image(s) from the 'NH_Gives_overlays' folder that you would like to overlay and add the images(s) to the canvas. Resize the image(s) and position on the picture.

STEP 6

To save your image, click on the "Download" link in the header.

And You're Done!
